

PROBITYCARE

HONESTY AND INTEGRITY

Probity Care provides support coordination to existing NDIS participants and assistance to individuals who would like to access the NDIS.

Gentle in nature with a holistic approach, we provide care and support to individuals and their families with honesty and integrity.

Initial Consultation:

- Assistance accessing the NDIS
- Person centred consultation
- Understanding the NDIS
- Collection of supporting information
- Application of Access Form

Support Coordination:

- Understanding and implementing the participants NDIS plan
- Helping participants identify, source and connect with all the supports they require Eg. Support Workers, Psychologists, OTs, Physios, Speech Pathologists
- Assistance in coordinating services from Informal (family, friends), Formal (Allied Health therapists) and Mainstream (GP, medical practitioners, education, housing, justice) supports
- Organise assistive technology and equipment required to support the participants disability
- Support to develop the participants skills, capacity building and achieve their goals
- Empowering participants with “Choice & Control”
- Identify challenges and barriers in existing plans and assistance with improving their plan
- Support with Plan Reviews
