

# School Leaver Employment Services

## Preparing young people for work or further study

BlueSky Mind Studio are here to help young people make the transition from education to employment with our NDIS funded School Leaver Employment Supports (SLES). We know that finishing school and transitioning into the workforce can be both exciting and intimidating and we are ready to support our clients the whole way.

### Building Independence

We help young people build the confidence and independence they need to enter the workforce

### Career Discovery

Our clients will gain knowledge of local industries and employers, and explore jobs suited to their interest and skills

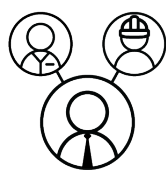

### Skills Development

Our experienced employment team work with our clients to develop the foundational employment skills that Australian employers expect

### Interview Preparation

Our clients will be supported to write a resume and coverletter, and develop interview skills through industry specific role plays

### Work Experience Opportunities

We help our clients explore career options through work experience opportunities with our network of local employers

### Future Pathways

When the time is right we will assist our clients transition into Disability Employment Services
