Do you experience the following when eating and drinking?

- **Pain or discomfort**
- **coughing/throat clearing/choking**
- **Increased shortness of breath**
- **Feeling of food or fluid sticking in your throat**
- **Difficulty chewing and swallowing certain foods or textures**

Do you have

- **Recurrent chest infections?**
- **Difficulty understanding others or communicating your wants and needs?**

If so, we can provide a comprehensive dysphagia or communication assessment and consider therapy programs and/or recommendations to maximise your function and quality of life

We welcome enquiries to see if we can assist.
