Why choose Rewire?

- Specialist knowledge in brain injury
- Person-driven and flexible approach
- Interdisciplinary team that provides a collaborative and goal-focused service
- We are a profit-for-purpose organisation that exists to support the brain injury community
- Group sessions are available to compliment individual therapy
- Regional outreach services available

Acquired brain injury (ABI) refers to any damage to the brain that occurs after birth. Such damage can result from accidents, stroke, brain tumours, infection, poisoning, lack of oxygen, and degenerative neurological disease (*Australian Institute of Health and Welfare*).

About Rewire

Rewire is a person-driven and flexible therapy service that uses an interdisciplinary team approach to support people to achieve their goals.

Eligibility

- Be aged 16 or over
- Have an acquired brain injury (ABI)
- Have a funding source

Funding sources include the NDIS, Lifetime Support Scheme, RTWSA, self-funding and insurance agencies.
