

5 great reasons to use Driving Miss Daisy

1. Independence

No longer will you need to rely on friends and family to take you out and about! Your companion driver can take you wherever you need to go - to medical appointments, shopping, to visit friends, transport your children to school or to after-school activities if you're working, to the airport, or maybe even when you simply want to go for a drive!

2. Safe and secure

We know how important it is to feel safe and secure so all Driving Miss Daisy drivers are police checked and hold current First Aid training certificates to maximise your peace of mind.

3. Reliable

There's nothing more frustrating than waiting for a taxi to turn up. That's not us! We ring to confirm the pickup time and guarantee we'll be on time or always ring if we are held up. Our new cars are maintained to exacting standards and therefore reliable too.

4. Friendly and personal

Our drivers chose this business because they love being around people and our regular customers love knowing exactly who will be driving them around. Many a time we hear, 'it's like driving with a friend'.

5. Cost effective for a superior service

We are very competitively priced and pre-quote so you will always know ahead of time exactly what the price will be. We also have vouchers you can purchase to gift to your loved ones, family and friends.
