Meet Samuel!

Samuel is a bright kid who contracted a neurological condition in 2015. His wish? A getaway to celebrate his birthday with his family.

Understand how STX has helped people like Samuel achieve their first supported holiday.

- ✓ STX met with Samuel and his family to get a better understanding of his medical and support needs.
- ✓ STX organised everything so their travel was seamless and hassle-free from the planning stage.
- ✓ STX arranged a specialist removal company to transfer and set up Samuel's medical equipment so they could travel with confidence.

“We recently enjoyed a night away at the Meriton Suites Herschel Street, Brisbane staying on Level 73 with an impressive view. This night was supported by STX who sourced accessible accommodation and relocated our equipment... Very grateful for the work done by STX. Looking forward to the next time we can head away for a break, a little further away from home.”
